

AQSA SAHAR

FRONTEND / FULL-STACK WEB DEVELOPER

0307-6395899 | Karachi, Pakistan | aqsasahar.54@gmail.com | LinkedIn: linkedin.com/in/aqsa-sahar | GitHub: github.com/aqsasahar54-lgtm

PROFILE

Computer Science graduate with hands-on experience in JavaScript and frontend web development. Skilled in building responsive and interactive web interfaces using HTML, CSS, JavaScript and Bootstrap, with practical projects including an e-commerce website, landing page, To-Do app, counter app and form validation. Currently developing full-stack web development skills and seeking an opportunity as a Frontend or Full-Stack Web Developer.

EDUCATION

Bachelor's / Graduation in Computer Science | CGPA: 3.50

The Islamia University of Bahawalpur

SKILLS

Languages: JavaScript, HTML5, CSS3

Frontend: Responsive Web Design, Bootstrap, DOM Manipulation, Form Validation

Tools: Git, GitHub, VS Code, MS Office

Development: Interactive Web Interfaces, Basic Full-Stack Concepts

PROJECTS

E-Commerce Website | HTML · CSS · JavaScript

- Built an interactive e-commerce website with product presentation, responsive layouts and JavaScript-based user interactions.

Landing Page | HTML · CSS · JavaScript

- Created a responsive landing page focused on clean layout, navigation, visual sections and user-friendly presentation.

To-Do App | JavaScript · DOM

- Developed a task management app with JavaScript DOM manipulation for adding and managing tasks.

Counter App | JavaScript · DOM

- Built an interactive counter application using JavaScript event handling and DOM updates.

Form Validation | HTML · CSS · JavaScript

- Implemented client-side form validation to check user inputs and provide basic validation feedback.

EXPERIENCE

JavaScript Trainee / Learner | Viper Academy

- Developed practical JavaScript skills through hands-on exercises and web development projects, including DOM manipulation, events, form validation and basic application logic.

CERTIFICATION & TRAINING

Full-Stack Web Development Course — Coursera

- Completed full-stack web development coursework covering modern web development concepts.
